Ten Thoughts to Ponder in 2010

Number 10

Life is sexually transmitted.

Number 9

Good health is merely the slowest possible rate at which one can die.

Number 8

Men have two emotions: Hungry and Horny.

If you see him without an erection, make him a sandwich.

Number 7

**Give a person a fish and you feed them for a day,
teach a person to use the Internet and they won't bother you for
weeks.**

Number 6

**Some people are like a Slinky ... Not really good for anything, but you
still can't help but smile when you shove them down the stairs.**

Number 5

Health nuts are going to feel stupid someday,
lying in hospitals, dying of nothing.

Number 4

All of us could take a lesson from the weather.
It pays no attention to Criticism.

Number 3

Why does a slight tax increase cost you \$200.00,
and a substantial tax cut saves you \$30.00?

Number 2

In the 60's, people took acid to make the world weird.
Now the world is Weird and people take Prozac to make it normal.

And The Number 1 Thought For 2010

"Life is like a jar of Jalapeno peppers;
What you do today, might Burn Your Ass Tomorrow"
